MEMORANDUM FOR: Acting Director of Central Intelligence

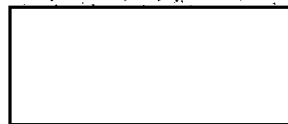

SUBJECT : 1977 Senate Youth Program

Hande -

1. Attached, as background for your 1 February session with the Senate Youth Program, are (a) the list of attendees, (b) the agenda for the group's week in Washington, (c) literature concerning the Program, and (d) Randolph Hearst's 4 January letter requesting Agency participation in this year's program. I understand that Andy Falkiewicz has already provided you with a text for your remarks (to be followed by a Q&A period).

2. The group will consist of 102 students, plus escort officers and staff members, for a total of approximately 135 guests (the Program's Washington representative advises that Randolph Hearst may be among the group). Prior to their session with you, they have a 2:00 briefing on the Hill by Senator Dick Clark. They expect to be through there by 3:00 and will travel by chartered buses to the Agency. Allowing for possible delays, we scheduled your talk for 3:45, but it is possible that they will arrive a bit earlier. Security will greet the group and settle them in the auditorium.

3. Since Agency policy does not permit the attendance of their photographer who usually accompanies the group, the Program's Washington representative asked that one of our photographers be on hand to take a picture of you with some of the group. We have arranged for a photographer to be standing by.
